

December 11, 1947

FOIAb6

In accordance with your request of December 8, 1947, the most recent issue of "Shortwave Broadcasting Stations of the World, According to Frequency" is being forwarded you under separate cover.

The latest revision of "Long and Medium Wave Broadcasting Stations of the World, According to Frequency" is dated December 1, 1946. However, we are at present revising this issue and suggest you write us in about two months if you desire a copy at that time.

The latest issue of "Broadcasting Stations of the World According to City and Country" was published on July 1, 1946, and we are not contemplating immediate revision. Should this be a later copy than yours, please feel free to send us another request.

It will be appreciated if you will furnish this office with any results of your observations which appear to be in variance with the data listed in this publication and with any notes covering your personal monitoring.

Yours truly,
